

K-LOVE Christian Radio is a radio ministry that is invaluable to me and our community. I have been able to tune in to the various K-LOVE stations as I travel nationwide. My family and I all listen to K-LOVE throughout our day. It is a family-friendly station with great music and delivers valuable messages and teachings to my family. I am not completely versed in how Low Power FM (LPFM) signals work, but I understand this newer technology may help to displace radio stations like K-LOVE. I believe that the K-LOVE model provides an arena for listener supported radio excellence.
